

My wonderful presentation

Alexey Gumirov

14 May 2019

1 General information

2 Formatting

General information

Themes, fonts, etc.

- I use default **pandoc** themes.
- This presentation is made with **Frankfurt** theme and **beaver** color theme.
- I like **professionalfonts** font scheme.

Matrix of beamer themes: <https://hartwork.org/beamer-theme-matrix/>

Font themes: http://www.deic.uab.es/~iblanes/beamer_gallery/index_by_font.html

Formatting

Text formatting

Normal text.

Italic text and **bold text**.

~~Strike-out~~ is supported. Is 'text' supported as well?

Notes

This is a note.

Nested note.

And it continues.

Blocks

This is a block A

- Line A
- Line B

New block without header.

This is a block B.

- Line C
- Line D

Listings

By some reasons, listings do not work in the default beamer template. Therefore it is better to put them in the blocks.

```
#!/bin/bash  
echo "Hello world!"  
echo "line"
```

Table

Item	Description	Q-ty
Item A	Item A description	2
Item B	Item B description	5
Item C	N/A	100

Single picture

This is how we insert picture. Caption is produced automatically from the alt text.

```
![Aleph 0](img/aleph0.png)
```

Figure 1: Aleph 0

Two or more pictures in a row

Here are two pictures in the row. We can also change two pictures size (height or width).

```
![Aleph 0](img/aleph0.png){height=10%}\  
![Aleph 0](img/aleph0.png)
```

Lists

- ① Idea 1
- ② Idea 2
 - genius idea A
 - more genius 2
- ③ Conclusion
